# Experience the home grown way of life

They say home is where the heart is and the heart of the family business for Scarborough Wine Co is the cellar door. This is where the interaction happens – the first taste of Chardonnay, the beginning of new relationships and for visitors to feel like extended family.

A visit to a Scarborough Cellar door should be considered as your home away from home. Scarborough is conveniently located in two parts of the Valley, with both cellar doors offering a range of memorable tasting experiences.
